WE TURN YOUR VISION INTO REALITY

AUTOMOTIVE • MARINE • LIFESTYLE

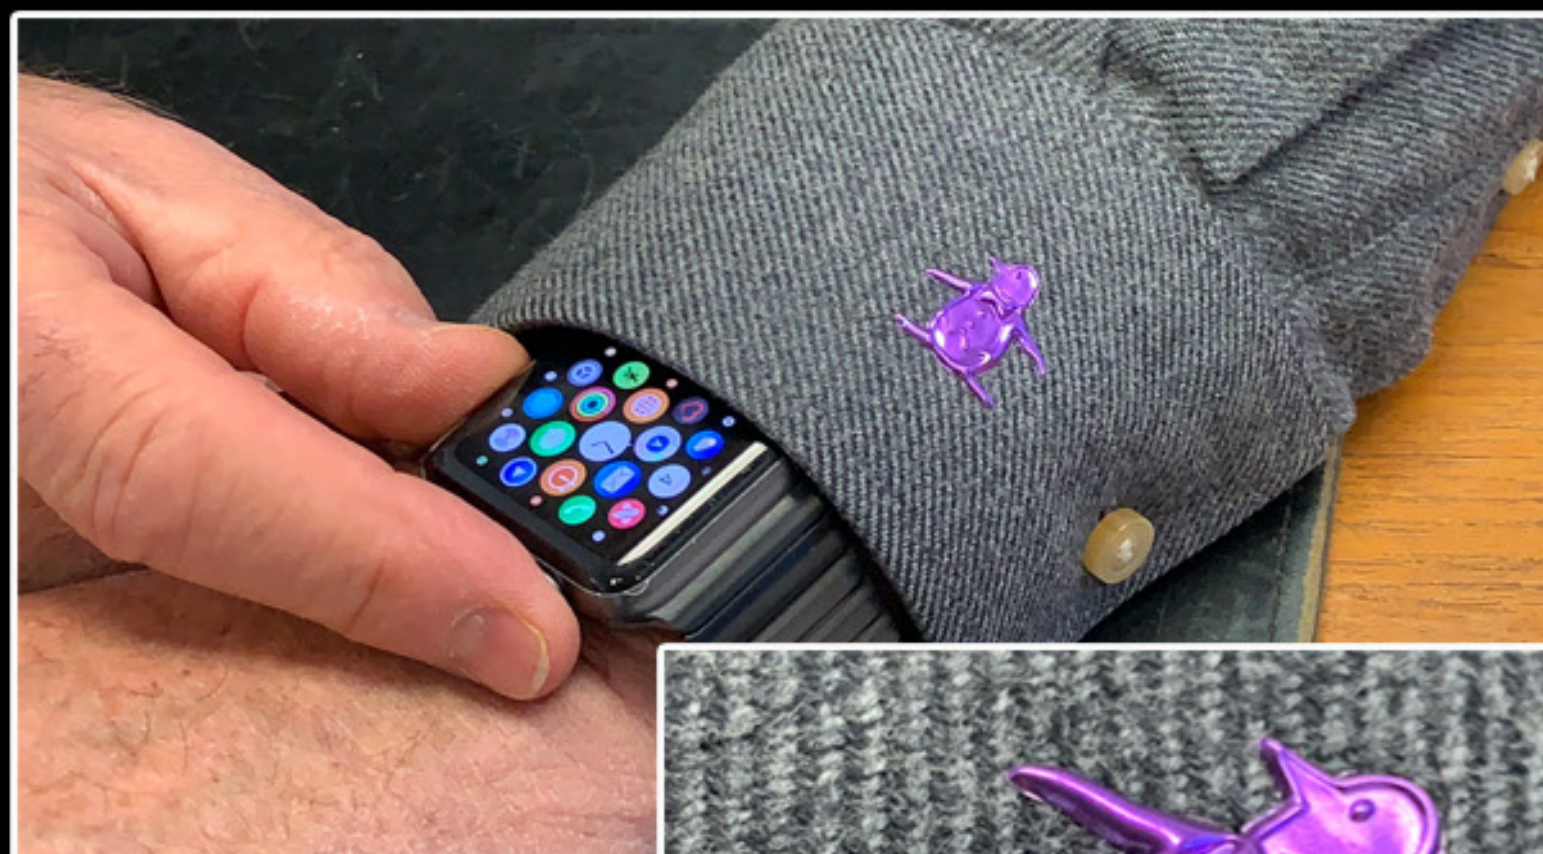

PREMIUM DIMENSIONAL LABELS

Does your label reflect your quality?
Our unique, flexible construction will give your label a high-end look and conforms to virtually any hard or soft surface.

Available in two easy application methods:

- Thermal heat transfer for quick and easy application on soft goods.
- Pressure sensitive adhesive for easy peel and stick application on hard surfaces.

PLAQUES & DOOR SILLS

BLACK OPS
2019 EDITION
SN: 003 of 750
TUSCANY MOTOR CO. | ELKHART, IN

Our aluminum plaques have been engineered for durability. They can be etched, embossed, printed, dyed or formed. Because of our superior anodizing process, our plaques can withstand high temperature, outdoor exposure, abrasion, salt and most chemicals.

- Longer lasting than other metal plaques
- Adhesive back, mounting holes or both

Illuminated Door Sill Plate

Complete your personalization package with custom sill plates. They can be customized by etching or printing and are made from stainless steel in order to protect your vehicle from scratches and scuffs.

- Won't rust
- Finalizes the exterior and interior look

WWW.MDGGLOBAL.COM 630.887.1700

CRYSTAL DOMING

Our Crystal Domes are proven to withstand all the elements from blistering heat to an Arctic freeze. They can't be scratched, won't yellow and won't crack and adhere to a variety of surfaces.

- No tooling required
- Create virtually any design
- Validated material for exterior automotive use
- 2-4 week lead time

VINYL GRAPHICS

We applied our first vinyl graphics in 1973 and today it's still one of the unique ways to personalize a vehicle's exterior.

- Easy Installation
- Color matching available
- Will not damage paint
- OE validated
